RE: Three Rivers Hotel Project

Dear Bob,

I would like to express my appreciation for the effort and energy that you and your staff put into the Three River's Hotel project in Florence, OR.

Wright & Associates was given the task of building a 93 room upscale hotel with six suites, under a tight schedule with limited design information. Working as a team player, you and your staff delivered the project on time and within the budget, congratulations for a job well done!

The Three Rivers Casino has been a great success and the Tribe is pleased with JE Dunn and the team effort on the job, which Wright & Associates was an integral component in making this a resounding success.

This project had many challenges and knowing that you are engaged on many other projects all across the country, we appreciate you making this one a priority. It's important to know who you can trust and Wright & Associates is one of those firms.

We look forward to working with Wright & Associates on another successful project.

Warmest regards,  
**JE Dunn Construction - NW**
