RE: Hotel Project

Tim,

On behalf of the Chitimacha Tribe of Louisiana, I wanted to thank you and your team on the successful completion of our new Hotel. Your team's meticulous attention to detail has provided our gaming complex with a very useful, functional and attractive lodging venue for our many guests. The Tribal Council and our membership are very proud of this new facility.

The entire development process, which you and your team lead, has set a benchmark for future development projects within our Tribe. If and when we decide to expand our lodging operations in the future, we will certainly consider teaming with the R.O.I. Hotel Group again. Please relay my gratitude to the rest of your team. The Chitimacha Tribe of Louisiana wishes you and your team continued success.

Sincerely,

John Paul Darden  
Chairman
